

LISTA _ **Script** The revolutionary labelling system

Label your drawer in three easy steps

1. Design and print your labels using the labelling software Lista Script
2. Lift up the transparent shield on the handle and insert the label
3. Snap down the transparent shield by pressing along the bottom edge

Find stored items easily – with Lista Script

Lista Script is a new drawer labelling system that sets the standard for organised, tidy storage. Systematic, neatly-printed labels fit into the innovative drawer handles. The results: rapid access to stored items and increased operational efficiency. "Making Workspace Work" in this case means an end to searching for tools and parts, and to empty and unused drawers with illegible labels.

Lista Script not only simplifies finding, managing and distributing stored items; producing and replacing labels is also child's play. Free software from Lista makes labels for drawer exteriors and interiors, complete with text, barcodes, pictograms, illustrations and colouring. And: drawers dating from 1985 onwards are easily retrofitted with the new handles for Lista Script labels.

Perfect exterior and interior labelling

Lista Script streamlines the cumbersome task of drawer labelling. Whatever way drawers are subdivided, with exterior or interior labels, the free Lista software delivers neat, professional results – from drawer handles to dividers to marker boxes.

Application examples

Labelling software from the Internet

www.lista.com/script

The Lista Script labelling software can be easily downloaded free of charge from the Lista Website and offers virtually limitless possibilities for custom label designs.

Labelling software on CD

If you do not have Internet access, the Lista labelling software is also available on CD.

Order no. **18.788**

Retrofit drawer handles

Drawer cabinets made from 1985 onwards are easy to retrofit with the new-style handles, available in a full range of widths.

Handle length mm	Cabinet width Units	Order no.
344	18	18.777
497	27	18.778
650	36	18.779
803	45	18.780
956	54	18.781
1126	64	18.782
1364	78	18.783
Disassembly tool		18.789

Blank labels

Blank labels, specially designed for use with the Lista Script labelling software, are available as A4 paper sheets, for use with all popular PC printers.

Label size mm	Number of A4 sheets / Number of labels	Order no.
210x22	5 sheets = 50 labels	18.784
70x22	5 sheets = 150 labels	18.784
47x18	2 sheets = 104 labels	18.785
47x12	2 sheets = 152 labels	18.786
27x12	2 sheets = 266 labels	18.787
